

POWR-FLITE®

Commercial Compact Canister

The most successful compact canister vacuum made!

- Lightweight at only 10 lbs.
- No tip wheel base – unit will sit upright for stability and for extra overhead cleaning reach
- Ergonomic adjustable wand – you adjust the tool to your height, not the other way around
- Floor tool with convenient step-on switch to adjust for carpeted or hard floor surfaces
- On-board tools for quick changeover from floors to upholstery and beyond
- True HEPA filtration with optional HEPA filter

The powerful PF5 canister vacuum is ready for any cleaning task. It goes from hard floors to carpeting with a quick flip of the convenient step-on switch. The PF5 is excellent for use on flooring of all types, especially hard floors, above floor cleaning chores and those more difficult areas such as automobile interiors, upholstery, and stairs. The PF5 is sized to sit perfectly on stairs – you can vacuum without worrying about the vacuum tumbling down the stairs! The unique design of the vacuum allows it to travel behind you in typical canister style, or with the top mount handle and lightweight build you can even carry the PF5 around as you clean. It even has a shoulder strap for added convenience. Get the PF5 when you need a powerful, compact versatile vacuum – it is the most successful compact canister vacuum made!
