WORLD CLASS CLEANING PERFORMANCE

Engineered to deliver superior cleaning power, productivity and dependability, while protecting Indoor Air Quality, these backpack vacuums are the perfect combination of power and comfort.

HANDS-FREE SYSTEM

Storage of tools, including the wand, is right on the belt for operation convenience.

VERSATILE CLEANING

Aluminum telescoping wand allows each access to a wide variety of areas. Perfect for cleaning carpet, hard floors, and above floor cleaning.

FITS EVERYONE

Contoured, padded, and easy to adjust shoulder straps, adjustable chest strap, heavily padded waist belt with lumbar support, and shoulder mounted load stabilizer provide better control and comfort.
