

SCRUBBER

PREDATOR 17 Battery-Powered Scrubber

Item# PAS17BA-BC

11 Gallon
Solution Tank
12 Gallon
Recovery Tank

.75 HP, 2-stage
Tangential Discharge
Vacuum Motor

12,700 ft²
per hour

FPO

200 RPM
brush speed

Intertek

EASY TO USE, EASY TO CLEAN, EFFICIENT RESULTS

MANEUVERABILITY

Low-profile, ergonomic design provides easy maneuverability.

EASY CLEAN-UP

Quick release solution and recovery tank drains for easy clean-up.

EXTRAS

Includes two 12-volt batteries, charger, and pad driver. Run time of 3 to 4 hours.

Powr-Flite®

SPECS:

PREDATOR 17	
MODEL	PAS17BA-BC
CLEANING WIDTH	17"
SQUEEGEE WIDTH	Fully adjustable parabolic swing squeegee, 30"
SOLUTION/ RECOVERY TANK	11/12 gal.
BRUSH MOTOR	.75 hp, 200 RPM
CLEANING EFFICIENCY	12,700 ft ² per Hour
VOLTAGE	24V DC
VACUUM MOTOR POWER	.75 HP, 2-stage tangential discharge
LENGTH X WIDTH X HEIGHT	49" x 26" x 44"
BATTERIES	Deep Cycle Lead Acid Flooded Battery
WEIGHT	220 lbs. without batteries 372 lbs. with batteries
WARRANTY	5 yrs. - tank, 2 years - brush/vacuum motors, 1 year - parts and labor

DURABLE

Durable, roto-molded housing is virtually indestructible.

EFFICIENT

Parabolic squeegee for effective solution recovery, even on tight turns.

ECONOMICAL

In-line solenoid valve controls solution flow optimizing solution use.

EASY ACCESS

Fully removeable recovery tank provides quick access to batteries and other internal components for routine maintenance.

ACCESSORIES

PART #	DESCRIPTION
PAS17PD	Pad Driver
SF616	16" Polypropylene Scrub Brush with Clutch Plate

EASY TO USE

Compact, low-profile design is a easy to maneuver and a labor-saving alternative to a mop, bucket, and wet/dry vacuum.

SIMPLE TO OPERATE

Simple control panel includes key switch, battery meter, and hour meter.
