

**Powr-Flite®**

**QUIET OPERATION  
TRIPLE FILTRATION  
POWERFUL CLEANING!**

Multifunction cleaning  
where quietness is important

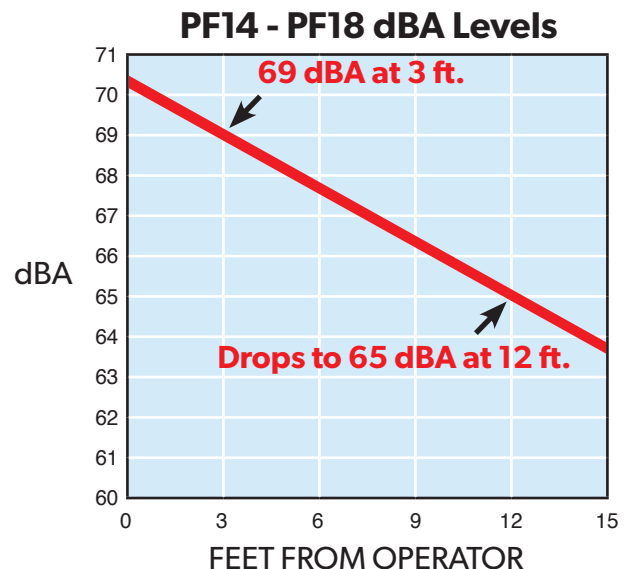

## Tools On Board Upright Vacuums

Item# PF14 - PF18

**With a noise level of 69 dBA or less, these vacuums are perfect for hospitals, nursing homes or busy offices.**

- Tools on board
- Hospital-quiet operation at only 69 dBA
- Full bag indicator light
- Heavy-duty stretch hose for overhead cleaning
- Cord connection indicator light and easy cord replacement
- 2-motor operation

## TRIPLE CLEAN AIR FILTRATION

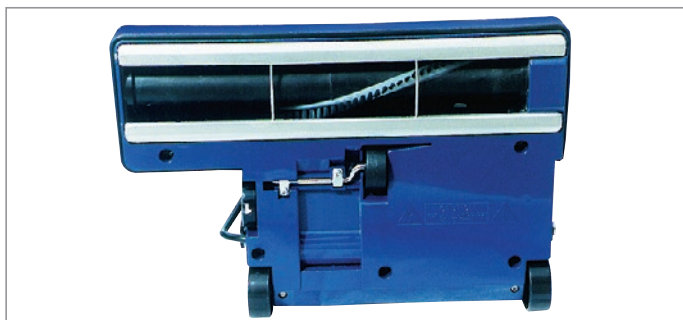

The PF14 and PF18 2-motor, tools on board vacuums have triple clean air filtration systems. Now you can have strong, multi-functional vacuuming in hospitals, nursing homes or busy offices without disturbing those around you.

## MULTIPLE FEATURES

Both units have hard floor and carpet settings that let you vacuum any floor surface and detail tools that let you clean overhead areas and upholstery. An easy access side door lets you change brush strip with no hassle. The brush roll only operates when the handle is in the operating position. Electronic sensing controls include auto stop to prevent belt and motor wear and cord power connection indicator for easy replacement and troubleshooting.

Service access door makes replacing the single brush strip very easy!

Replaceable single spiral brush strip does not require brush roll to be removed! Brush roll only operates with handle in operating position.
