<b>WARRANTY</b>	1 year Motor, Parts, Workmanship
<b>WEIGHT</b>	18 lbs.

### FULL-FEATURED COMMERCIAL UPRIGHT

Simple to use and easy to own, Powr-Flite's redesigned clean air upright is an outstanding value with all the features you want in a commercial vacuum. The durable PF99 is built tough with an all metal handle and components, plus a powerful double ball-bearing motor for professional performance without the expense of two motors. Its clean air design protects the motor and enclosed HEPA bag and filter system further improve indoor air quality.

The self-adjusting height goes from plush carpeting to commercial grade and even hard floors with ease, and a riveted furniture guard and low profile design make it a great vacuum for crowded spaces. An optional tool kit is available to add the convenience of a variety of above-ground cleaning jobs. When your work is complete, the "no tools" snap on base plate provides easy access to the belt and brush roll.

Snap on base plate for easy maintenance of belt and brush roll

Optional tool kit for above ground cleaning (Item# TWK-12)

Additional HEPA Filtration bags - 25 Count (Item# X1999)

Flat belt is located outside of the dirt path (Item# B014-0714)

Pigtail cord design with included 40' extension makes cord changes quick and easy
