

Multiwash 14

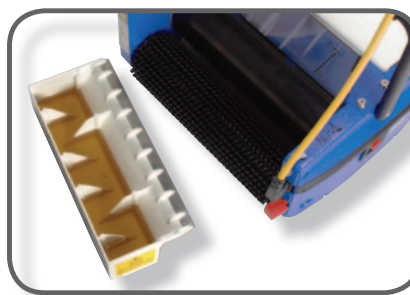

PFMW14

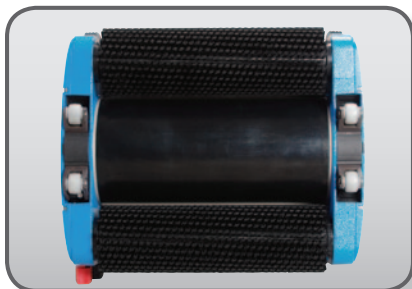

- High-speed productivity in cleaning small, obstructed floor spaces
- Outstanding results on all flooring types including vinyl and ceramic tile, natural stone, performance and sport floors, carpet, escalators and entrance matting
- Wash, mop, scrub and dry in a single pass
- Wide 13" cleaning path improves productivity over standard mop and bucket
- Massive savings on chemical costs and water
- Excellent maneuverability, no heavy pushing, pulling or lifting
- Removable tanks for fast solution changes and emptying
- Wall-to-wall cleaning that reaches into the tightest corners
- Quiet operation for day cleaning and noise sensitive applications
- Choice of brushes for cleaning smooth, textured, grouted or carpeted floors

Low profile makes for easy cleaning under chairs and food prep areas.

Removable recovery tank makes cleanup easy.

Contra-rotating brushes and recovery drum clean and clear debris in one pass.

Pull handle dispenses solution on to floor.

The Multiwash offers quiet, high quality cleaning performance, versatility, ease of use and durability. This machine will wash, mop, scrub and dry in a single pass on virtually every kind of floor. The Multiwash can even be used on escalators and entrance matting.

The compact size of the Multiwash means that it can be used under furniture and work surfaces without the need to bend down, offering wall to wall cleaning even in the tightest corners.
