**DURABLE AND SIMPLE TO USE**

Our Phantom automatic scrubber line was built with your business in mind. Its durable design and simple controls make it easy to operate right out of the box, without the need for time-consuming training. Plus, we've only included the features you need to get the job done quickly and easily, so you're not paying for unused bells and whistles or costly repair parts down the road.

Ergonomic fingertip controls and smooth, self-propelled traction drive performance helps users comfortably clean over 28,000 square feet per hour. With a continuous run time of up to four hours the Phantom is perfect for medium to large size spaces. When the job's done, maintenance is made simple with easy access to batteries, vacuum motors and tanks.

Ergonomic fingertip controls

Easy access to batteries, vac motors and tanks

Convenient on-board charger
